

ACTION ALERT TO "The Federal Communications Commission":
STOP MEDIA CONSOLIDATION!

The CROSS-OWNERSHIP BAN should stay in effect. Thus allowing the masses to hear all opinions on the events occurring around them. Failure to do this could result in having a news media organization control more than their share of propagandized manipulation of what people think.

We live in a free society and our eyes and ears should be allowed to stay open to the many comments on both sides of an issue. Enabling all of us to form our own individual opinions.

Don't throw our people back to antiquated times. Don't allow anything that may resemble an inking of a closed society. We owe this to the many who have died to protect our freedom of speech! DO NOT LIFT THE BAN... it was a good idea when enacted and remains so.

Thank you,
Carolyn Schreiber
